Construction

All motorhomes feature Adria's unique '**Complex**' body construction combines the torsional strength of wood, the durability of polyurethane and the moisture-stopping properties of polyester giving reliable long-term durability and performance.

- 01 COMPOSITE WOOD PANEL
- 02 POLYURETHANE SEALING
- 03 EPS STYROFOAM
- 04 EXTERIOR POLYESTER BODY SHELL CLADDING
- 05 REINFORCED HARDWOOD PROFILE
- 06 XPS STYROFOAM INSULATION FOAM
- 07 EXTERIOR POLYESTER FLOOR CLADDING

Please check www.adria-mobil.com for individual model specifications and technical details.

(Model dependent: Matrix shown here).

DESIGNED TO PERFORM

All motorhomes feature a **double floor**, providing a single level floor throughout and 13 cm underfloor space for integrated utilities, insulation and extra storage. Impact resistant **Freshwater tanks** are optimally placed for vehicle balance and handling, formed in a single piece for durable leak-free performance and with easy access via the double floor.

The **Central Service Area** enables easy access and management of utility hook-ups when at a campground.

Climate-control

Built to Adria **Thermo**-build standards with advanced insulation materials and precision-engineered air-flow system to guarantee your comfort. Tested in our own climate chamber under extreme conditions from -40 to +60 degrees and humidity from 45 % to 80 %.

Optimal heating distribution to all living space. In cooler times choose **Truma** air heating or **Alde** liquid central heating system, with optional electric floor heating also available. In summer comfort is assured with air-conditioning available.

We choose the **base vehicle** and chassis for each vehicle, to achieve the best torsional strength, performance dynamics and integration with the living space design.
